The ladies' auxiliary widow's fund will benefit from proceeds of Torrance Firemen's Auxiliary Ball to be held Oct. 18 at the American Legion Hall, 1109 Border Ave. The public is invited to participate in the festivities. A donation of \$1 will be asked.

### Malayn Journalist Visits Torrance Sees Torrance Press Operation

"Friendship As A Stepping Stone To Peace" is the theme chosen again this year by Mrs. Robert Lunche, state international hostess for California Federations of Woman's Clubs, Junior membership.

The Torrance Juniors have joined in this program to promote international friendship by entertaining Mrs. Aishah Aziz, a Malayn journalist. Mrs. Clifford Trezise, international affairs chairman for the Torrance Junior Woman's club, arranged the meeting of Mrs. Aziz and Mrs. William R. Zappas, Mr. and Mrs. Zappas, with Mr. and Mrs. Trezise, entertained Mrs. Aziz at dinner Monday evening, Sept. 29, at the Zappas home.

**Visits Torrance Press**  
Mrs. Aziz is planning to write a book about her visit to this country, and wished to penetrate fairly deep into life in the United States. Being a journalist, she was anxious to view the operation of the newspapers in this country, and enjoyed observing and discussing the organization of the Torrance Press, as a typical community newspaper.

**Observe America**  
The United States State Department invites leaders and specialists from all over the world, with the exception of iron curtain and communist sympathizing countries, to come for three month's visit to observe first hand the American way of life. This personal observation on the part of the visitor gains, for the United States, innumerable friends, and also dispels unfavorable propaganda with which these people often come in contact.

These guests represent various

occupations — professors, architects, musicians, government officials, writers, journalists, and students. All of them are highly educated, but not necessarily wealthy. One of the main phases of their busy itineraries is observing their field or profession. The next most important part of being with and participating in American family life. The latter to most of the visitors, is the highlight of their tour.

Mrs. Trezise urges other members of the Torrance Juniors to take advantage of this opportunity to exchange ideas and ideals with people of other nations.
